7. OLD BUSINESS:

   A. SORC Report: Dennis Feeley reported on the January 12, 2005 meeting. An application has been made to the Dept. of Homeland Security for a microwave radio system for Jackson and Josephine Counties. Medford wants a fiber optics system and there is only one grant available for the two counties. Nextel will connect their cell phones to activate for fire calls. SORC is reworking the ISO information for Evans Valley, Rogue River and Shady Cove.

   B. Water Tank Project: Forms have been built for the deadmen, but available funding has run out. Considerable discussion about fund raising – “buy a yard of concrete”, sell “shares”; short term vs. longer term fund raising. Consideration of River Press and Courier articles to encourage support. Need to pay $700 for anodes now. Larry Menteer moved to adopt Resolution 05-01: Whereas there is inadequate funding for Line Item 301 (Property) to pay for water tank materials and there is excess funds in Line Item 226 (Volunteer Fuel Reimbursement), $700 is to be transferred from Line Item 226 to Line Item 301. Dennis Feeley seconded the motion and it passed unanimously.

   C. Apparatus Finance and Purchase: Chief Fuller reviewed the Desired Standards for the tender and rescue. Preliminary contacts have been made with several apparatus manufacturers. There was considerable discussion about getting quotes in order to estimate costs in preparation of formally requesting bids. The Apparatus Committee will meet on January 20, 2005 at 5:30.

   D. Structural Fire Contracts: Chief Fuller reviewed the policy of offering no new fire contracts and requiring existing contracts to annex to the District. Workshops with interested parties will be scheduled in the near future.
